

Crystal Cascades

14 April 2018

Peter and Jannette Manins

At the carpark we were happy to see this female **Victoria's Riflebird** feeding. It must have been good tucker because a **Spotted Catbird** shoed her away and bogged in.

Other species included **Australian Brush-turkey**, **Orange-footed Scrubfowl**, **White-faced Heron**, **Double-eyed Fig-Parrot**, **Yellow-spotted Honeyeater**, **Brown-backed Honeyeater**, **Dusky Honeyeater**, **Brown Honeyeater**, **Macleay's Honeyeater**, **Yellow-breasted Boatbill**, **Spectacled Monarch**, **Metallic Starling**, this male **Varied Triller** (*ssp yorki*) and a young **Buff-breasted Paradise-Kingfisher**.
