

# Green Island, Cairns

7 November 2019

Peter Manins

I was looking for the reported **Bridled Tern**. And they were there! As were **Brown Booby**, **Crested** *and* **Lesser Crested Tern**, **Black-naped Tern** (close!) but *no* Sooty Tern, **Black Noddy** but *no* Common Noddy, heaps of **Buff-banded Rail**, a **Little Tern**, a **Ruddy Turnstone**, a male **Satin Flycatcher**, a female **Eastern Osprey**, and other birds as well.

Here are some pics:

Brown Booby x 2.

Black Noddy flying.

Black-naped Tern in front of Black Noddy.

Breeding Bridled Tern landing.

Breeding Bridled Tern.

Non-breeding Little Tern.

Buff-banded Rail.

Female Eastern Osprey circling.

Male Satin Flycatcher.

Male Satin Flycatcher.
